

CAPITAL COLLECTION

LEADING SUPPLIER OF LUXURY FIREPLACES

MANTELS • CAST IRON • SUITES • GAS & ELECTRIC FIRES

Welcome

As a leading name in the fireplace industry, Capital Fireplaces is committed to helping you transform ordinary spaces into extraordinary retreats.

With a heritage spanning over several decades, Capital Fireplaces has mastered the art of blending traditional charm with contemporary design, providing you with an unrivaled selection of innovative and stunning fireplaces.

At Capital Fireplaces, we take great pride in our commitment to craftsmanship and quality. Each fireplace we create is meticulously designed and crafted by our specially selected manufacturers. We source the finest materials from around the world, ensuring that every detail, from the intricate carvings to the smooth finishes, is of the highest standard.

With an array of sizes, materials, and finishes to choose from, you can customize your fireplace to perfectly complement your unique taste and the architectural elements of your home.

We invite you to explore our brochure and discover the extraordinary range of fireplaces that we have to offer.

We understand that a fireplace is not merely a source of heat; it is a focal point that brings people together, ignites conversations, and adds a touch of elegance to any room.

Andy Hitchman

Managing Director

Our Collection

■ Mantels - Pages 6-65

Experience the epitome of elegance with our exquisite mantel collection, featuring natural stone, marble, and timber fire surrounds. Meticulously handcrafted into an array of contemporary and traditional designs, each mantel exudes timeless beauty and serves as a stunning centerpiece for any fireplace.

■ Cast Iron - Pages 66-81

Immerse yourself in the Victorian era with our meticulously replicated cast iron inserts, combinations, and firebaskets. Combining supreme craftsmanship, quality materials, and elegant design, our collection offers a range of traditional and contemporary pieces that will enhance any home.

■ Suites - Pages 82-121

Elevate your living space with our versatile suite collection, offering a luxurious range of options crafted from Portuguese Limestone, Corinthian Stone, and Aegean Limestone. Alternatively, for those without a chimney breast, our flat wall electric suites provide a convenient and stylish solution to bring the charm of a fireplace into your home.

■ Fires - Pages 122-159

Discover the perfect fire for your home with our diverse range of electric and gas fires. Whether you prefer the classic charm of stoves, the sleek elegance of hole in the wall designs, the modern appeal of media walls, or the seamless integration of 16" insets within a suite, we offer a versatile selection to suit every style and preference.

NATURAL STONES

CORINTHIAN STONE

Quarried in the Western Mediterranean, this honed limestone has a rich sandy colour that provides a delicate warm feel.

Its background composition is magnified with unique small fossils and random sedimentary veining.

A stone for those seeking a homely, cosy fireplace, Corinthian Stone is also available made to measure.

AEGEAN LIMESTONE

Sourced from the Eastern Mediterranean, our Aegean Limestone mantels are beautifully unique in character.

Each mantel has its own individual fossil formation, veining and colour so no two are the same and is handcrafted into a variety of contemporary and traditional designs.

PORTUGUESE LIMESTONE

Formed over 50 million years ago and quarried in Portugal. The characteristic darker veins, intermingled with fossils of plants and animal life all add up to the beauty of this natural stone.

Blooms and whisps of fossilised leaves are not considered defects but part of the experience.

NATURAL MARBLE

MARBLE

Marble is a beautiful, natural stone that has been used to make buildings, fireplaces and sculptures for hundreds of years.

Marble is formed when heat, pressure and water cause carbonate minerals to recrystallize. This process results in a metamorphic rock that develops a unique appearance and colour depending on what additional minerals are present during its formation.

We offer selected mantels in beautifully distinct marbles including Carrara, Clara Pura, Kallos, Lilac and Nero.

Please note that our made to measure service is not available for marble.

MADE TO MEASURE

Capital Fireplaces manufacturing and fabrication facilities are strategically located to utilise both the most advanced manufacturing technology available and the highest quality skills.

Established long term relationships with quarries and foundries with highly efficient fabricators and stone masons, provide the backbone for the stringent quality and manufacturing standards we achieve with our collection.

We strive to offer our customers a great deal of flexibility in terms of the size of their chosen fireplace design. That's why we have implemented a Made to Measure service for a variety of our mantels in the following materials; Corinthian Stone, Aegean Limestone, Portuguese Limestone and Timber.

No matter how small or large your chimney breast, whether you'd like to change the overall size of your fireplace, make the shelf wider or reduce the rebate size, we can deliver a completely tailored service.

Simply look out for the Made to Measure logo on our mantels throughout this brochure.

Mantels

Contents

Capital Fireplaces is proud to offer a diverse selection of fireplace mantels to suit every taste and style of interior décor.

We understand that every home is different which is why we have developed a range of surrounds that are both attractive and versatile, seamlessly combining traditional craftsmanship and contemporary design. Crafted with meticulous attention to detail, our fireplace mantel collection is made from the finest materials that we have sourced from sustainable suppliers.

Curved top shelf and header

made to measure

made to
measure

Corinthian Stone

Alban 51”

The Alban features clean lines with a soft curved shelf and header. This stylish surround has been designed to compliment our range of Eco 2022 stoves.

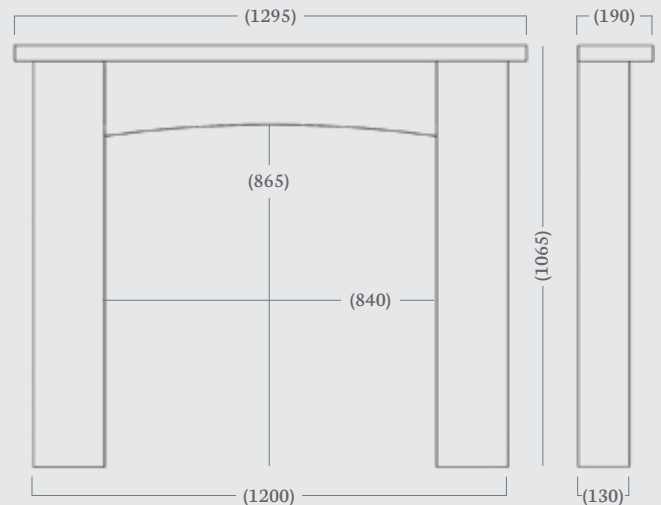

Left: Alban in Aegean Limestone, Scene Eco stove, riven slate chamber and honed granite hearth.

Above: Alban in Corinthian Stone, Panamera Eco stove, rustic herringbone brick chamber and honed granite hearth.

Standard Rebate: 1”

Stocked in: Aegean Limestone, Corinthian Stone

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

NEW

Nero Marble

Allora 51"

Every Allora mantel exudes exclusivity with a truly unique veining pattern that ensures no two are ever the same. Careful consideration has been taken to ensure alignment of the inimitable veining patterns across each component creating a sense of continuity that conveys luxury.

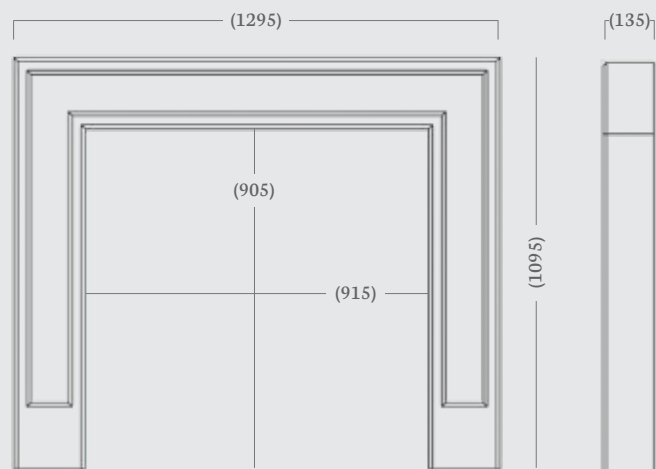

Left: Allora in Lilac Marble, Bassington Eco Compact Skirted stove, porcelain slate chamber and honed granite hearth.

Above: Allora in Nero Marble, Falkirk cast insert in black and honed granite hearth.

Standard Rebate: 3"

Appledore 48" & 54"

(48", 54" Dimensions)

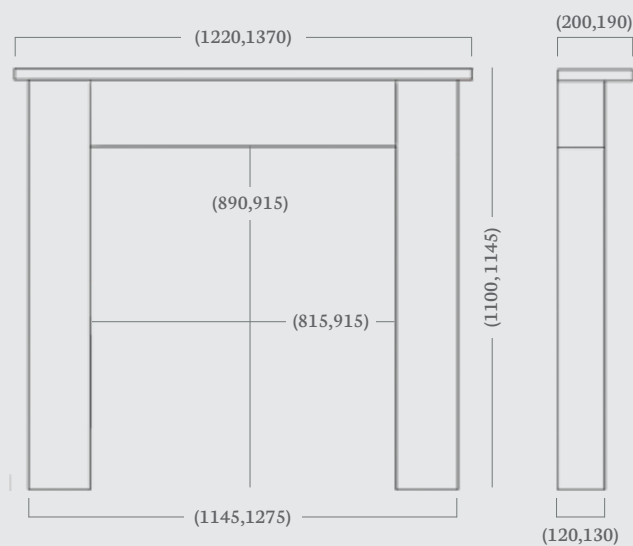

A simple yet sophisticated design, the Appledore features an elegant curved top shelf which differentiates it from similar period mantels and gives it a more contemporary feel.

Left: Appledore in Aegean Limestone, Bassington Eco stove, riven slate chamber and honed granite hearth.

Standard Rebate: 1"

Stocked in: Aegean Limestone

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

Astwick 54”

A stunning addition to our fireplace collection, the Astwick mantel is inspired by the Tudor period. This mantel features a delicate yet striking shallow arched header.

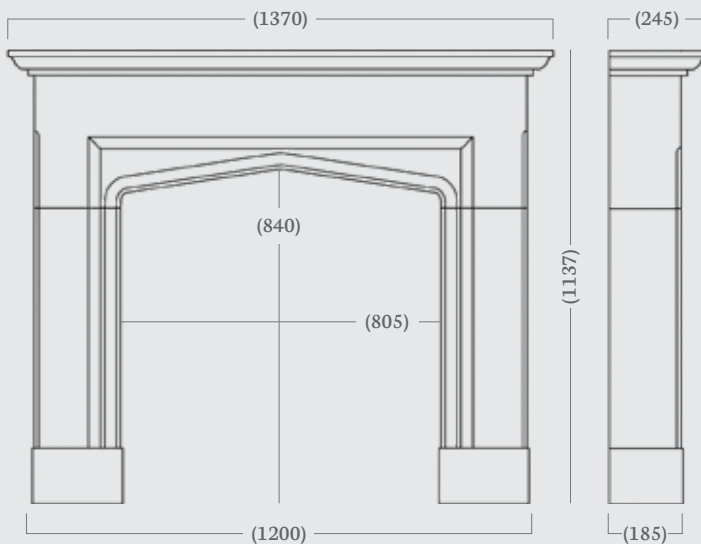

The Astwick also boasts strength and definition, achieved from incorporating substantial foot blocks and a generous overall depth into the design.

Right: Astwick in Corinthian Stone, Bassington Eco Baseline in Warm White Enamel, Corinthian stone chamber and Corinthian stone hearth.

Standard Rebate: 1”

Stocked in: Corinthian Stone

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

measure

Clarence 59"

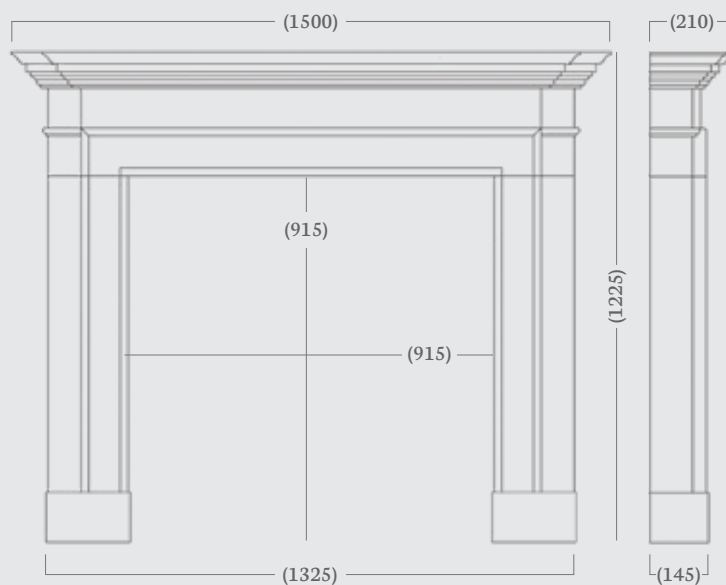

Influenced by the early Georgian period, the Clarence features an architectural front on plain foot blocks. Finished with a decorative step moulded shelf, the design of this mantel pays close attention to the lines and proportions of this elegant and stunning surround. Pair this handcrafted stone surround with a matching stone slip set and hearth for a consistent and sleek look.

Left: Clarence in Aegean Limestone, contemporary glass fronted gas fire, Aegean Limestone slip set and Aegean Limestone hearth.

Standard Rebate: 1"

Stocked in: Aegean Limestone

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

Colby 54"

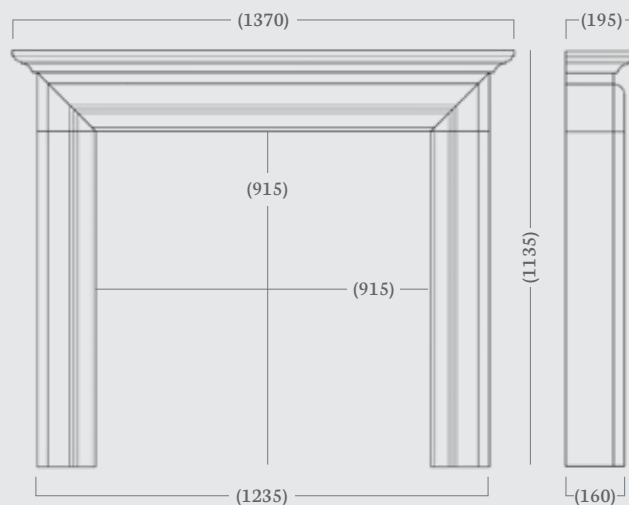

The Colby is a beautifully classic mantel, elegantly crafted to flaunt simple, ultra-clean lines without being overtly minimal.

Left: Colby in Aegean Limestone, Coral firebasket, black reeded fireboard chamber, polished granite slip set and polished granite hearth.

Standard Rebate: 3"

Stocked in: Aegean Limestone

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

Cottage 54"

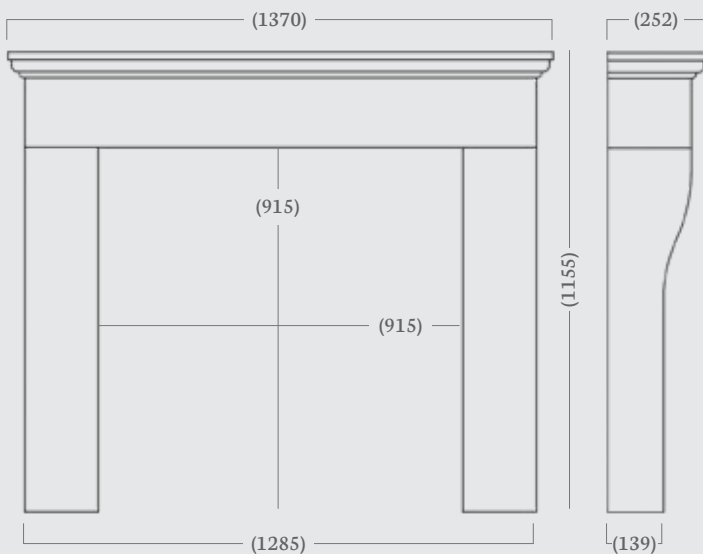

Inspired by rustic 'French Farmhouse' kitchen design and living, the Cottage mantel has a substantial yet homely appearance. Perfectly suited to the warm texture of Corinthian Stone, this charming and elegant surround makes it the perfect centrepiece for any room. Honed granite compliments this surround faultlessly, drawing on the slight grey tonality of the natural stone.

Right: Cottage in Corinthian Stone , DL800 gas fire with black glass interior, honed granite slip set and honed granite hearth.

Standard Rebate: 1"

Stocked in: Corinthian Stone

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

Helston 53"

One of the newest editions to the Capital Collection, the Helston is a beautifully simple and elegant mantel. The Helston has been proportionally designed to suit our range of Eco 2022 stoves. The charming and timeless design of the Helston means it is a perfect choice for contemporary or traditional settings.

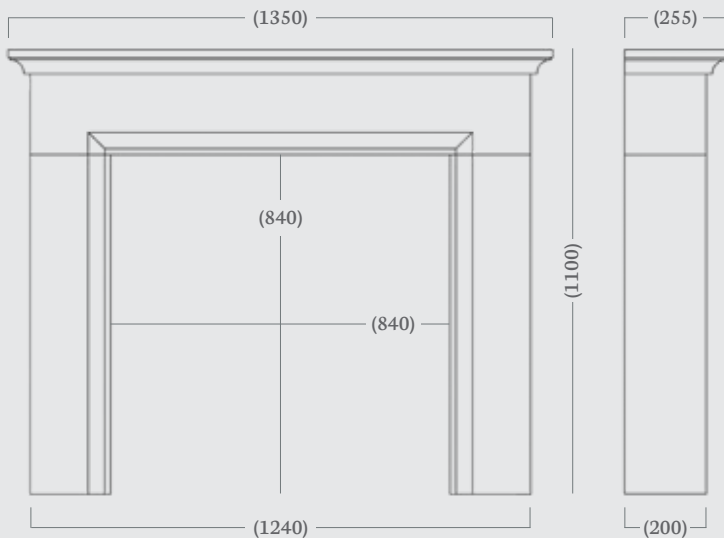

As pictured, the rich grain texture and colour of Corinthian Stone works harmoniously with the design of this surround bringing character and warmth to your home.

Right: Helston in Corinthian Stone, Bassington Eco Skirted stove, Pompeii brick chamber and honed granite hearth.

Carrara Marble 56"

Hersham 48", 51", 54" & 56"

(48", 51", 54", 56" Dimensions)

One of our most popular mantels, the Hersham was inspired by the Victorian era and widely used in the 19th century. The Hersham is hugely versatile because of its classic, timeless design.

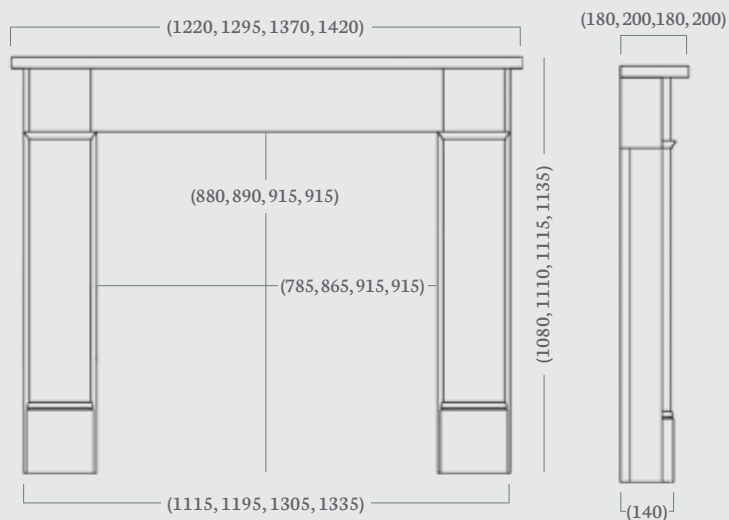

Left: Hersham in Aegean Limestone, Wandsworth cast iron insert in black and polished granite hearth.

Above: Hersham in Carrara Marble, SLE60i log effect electric inset fire and honed granite hearth.

Standard Rebate: 1" & 3"

Stocked in: Corinthian Stone (48", 54"), Aegean Limestone (48", 51", 54", 56"), Carrara Marble (54", 56")

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

Hersham Luxe 48" & 54"

The Hersham Luxe is a brand new addition for our 2023 range. Influenced by the ageless design of our standard Hersham surround, we have elevated the existing style to feature a new layered shelf. The new double tier shelf perfectly complements the existing detailing on the surround, adding a whole different depth to this otherwise classic Victorian mantel.

The Hersham Luxe is available in our new Mountain Grey Limestone, a colour synonymous with balance and neutrality. This Limestone is an incredibly versatile material; it has the ability to elevate bright colours, enhance textures or to create a calm and relaxing space.

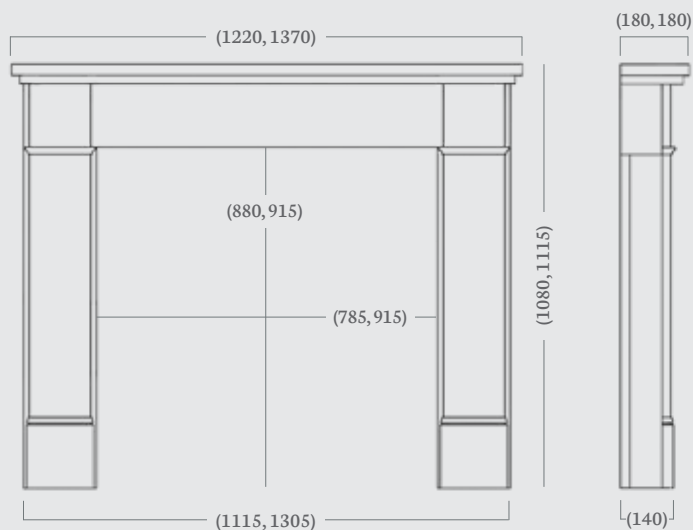

Right: Hersham 54" in Mountain Grey Limestone, Langford cast iron insert in Highlight finish and honed granite hearth.

Standard Rebate: 1"

Corinthian Stone

Mentmore 44”

The Mentmore is a compact and stylish mantel, designed to offer a contemporary and minimalistic 'henge' style surround for those with smaller rooms and fireplace chambers.

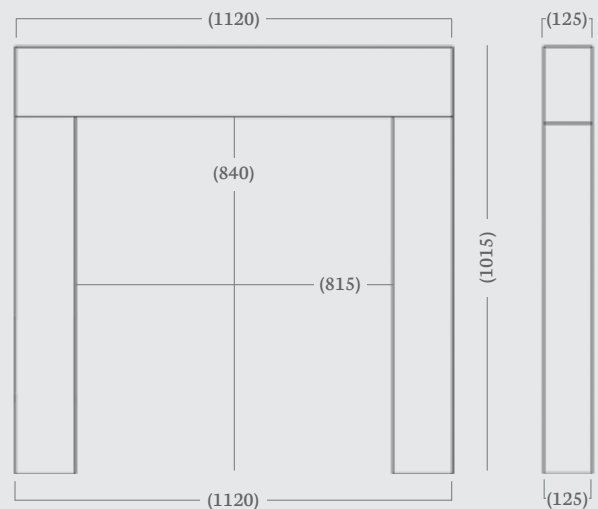

Left: Mentmore in Aegean Limestone, DL500 gas fire with black glass interior, polished granite slip set and polished granite hearth.

Above: Mentmore in Corinthian Stone, SLE41i electric fire, honed granite slip set and honed granite hearth.

Standard Rebate: 1”

Stocked in: Corinthian Stone, Aegean Limestone

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

Mulholland 54”

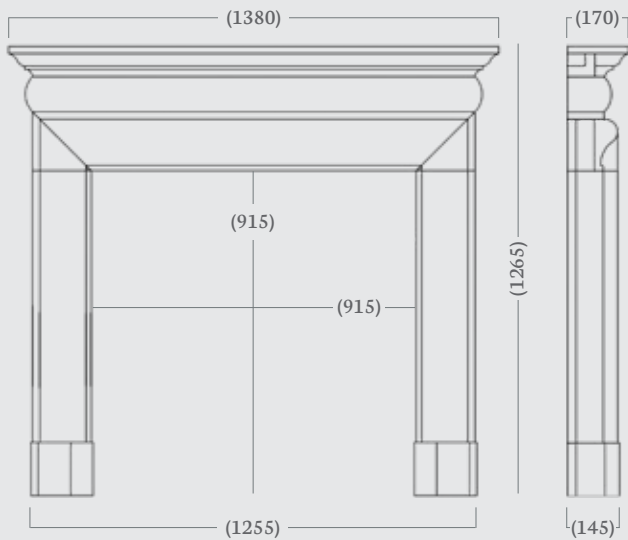

Characteristic of the 19th century, the beautifully crafted Mulholland emanates classicism. Curvaceous and smooth, this mantel can be fitted without the top shelf for a minimalistic design. Alternatively, it can be installed without the cushion to create a more traditional design.

Right: Mulholland in Aegean Limestone, DL800 gas fire with black glass interior, polished granite slip set and polished granite hearth.

Standard Rebate: 3”

Stocked in: Aegean Limestone

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

Silsoe 54"

A contemporary take on our popular Hersham mantel, the Silsoe combines modern detailing with a Victorian edge. This surround features subtle tapering to the leg detail and decorative shelf mouldings to incorporate a classic and simple column style to the design.

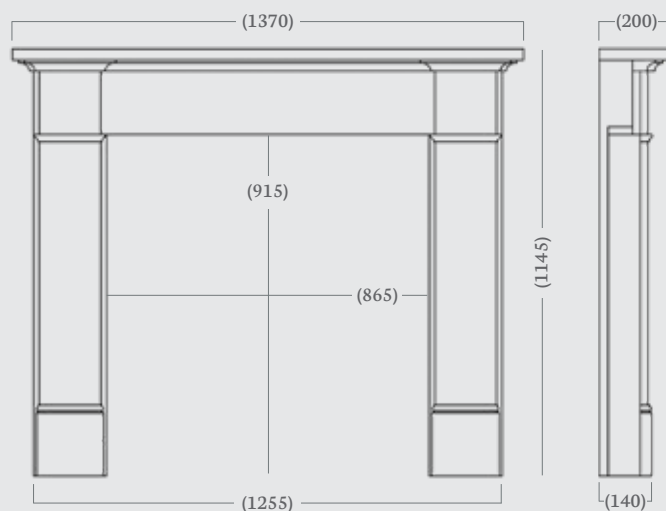

Left: Silsoe in Aegean Limestone, Vega Edge Eco stove, black reeded fireboard chamber and honed granite hearth.

Above: Silsoe in Carrara Marble, Harlington cast iron insert in black and polished granite hearth.

Standard Rebate: 1"

Stocked in: Aegean Limestone, Carrara Marble

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

NEW

Silsoe 57"

For those looking to add a touch of elegance and sophistication to your home, a Victorian inspired fireplace is the perfect way to do it.

The Silsoe combines modern detailing with a Victorian edge. This surround features subtle tapering to the leg detail and decorative shelf mouldings to incorporate a classic and simple column style to the design.

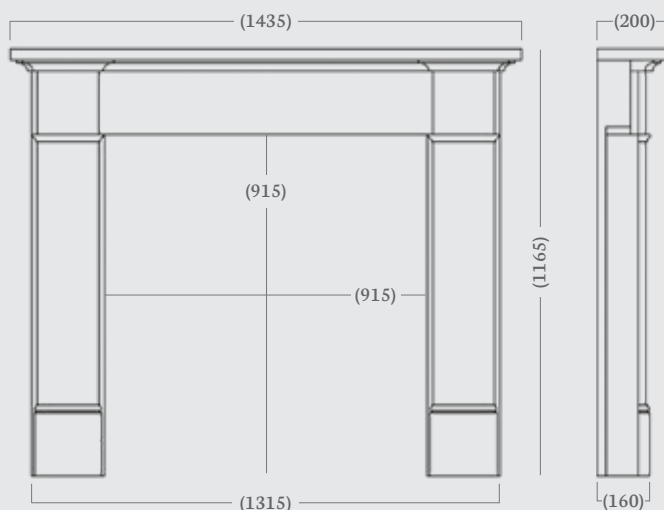

With a 57 inch shelf width, intricate details and timeless design, the Silsoe is sure to make a statement in any room.

Provident Black

The Provident

The Capital Provident can help you create a fireplace that's beautifully classic in its design yet still offers a higher efficiency, making it a fine centrepiece for any modern or traditional mantel.

Available in a Black or Highlighted finish, the Provident consists of a back panel and fireframe. By integrating both these components, we are able to create a highly efficient gas or electric fire.

The standard Provident is recommended for gas fires, and the Flat Wall Provident will allow an electric fire to be fitted in a 3' rebated mantel without needing a chimney or flue. Both options offer a much higher level of efficiency than a standard arched insert.

Ascella Gas Fire Supplied with Coal Set

Input: 5kW | Output: 3.85kW | Fire Depth: 185mm | Rating: C

Pulsar Gas Fire Supplied with Coal Set

Input: 6.9kW | Output: 4kW | Fire Depth: 195mm | Rating: F

SLE40i Electric Fire Supplied with Log or Coal effect

Input: 1-2kW | Output: 1-2kW | Fire Depth: 75mm (or zero if used with the Flat Wall Provident)

Wandsworth HE Greencast *Highlight*

The Wandsworth HE Greencast has been designed to deliver higher efficient fires for more traditional and ornate cast iron fireplaces. We have sought from the design stage to combine the two critical components, the fire and the cast iron mantel, in unison to deliver an aesthetically pleasing integrated appliance.

Left: Wandsworth HE Greencast with the full depth open fronted convector fire. Installed with the Hersham 54" Aegean Limestone mantel and a polished granite hearth.

Fires suitable to be fitted with the Wandsworth HE are listed below:

Full Depth Open Fronted Convector

Input: 6.9kW
Output: 3.4kW
Chamber Depth: 230
Ceramic Coals: Included
Energy Rating: F

Balanced Flue*

Input: 4.6kW
Output: 3.9kW
Chamber Depth: 130
Ceramic Coals: Included
Energy Rating: B

HE Wandsworth is best suited to a 3" rebated mantel

*Minimum wall depth 230mm / Max wall depth 560mm

Optional extended flue max wall depth 930mm

NEW

etronic 560 slimline

The Solution etronic 560 slimline glass fronted fire is designed to give a modern edge to traditional styles of fireplaces.

Whilst the etronic 560 slimline fire can be installed as a hole in the wall fire or part of a media wall, its ability to be fitted in a flat wall suite makes this product incredibly versatile.

Flat wall suites offer a simplistic solution for homes that do not have a chimney or flue, allowing a complete fireplace to be fitted onto a wall without the need for any major building work.

For information about the Broadmere, Denstone & Riseley Electric Suites - see pages 84, 86 and 90.

etronic 800 slimline

The Solution etronic 800 slimline glass fronted fire is a popular multi sided fire which can be inserted into a feature wall or incorporated into an existing fireplace.

This smaller landscape fire is designed to give the customer, the optimum flame effect at a touch of a button.

The etronic 800 slimline fire also comes in a larger 1500mm wide version, and this allows you to choose the best size for your room.

Even though the etronic 800 slimline fire has a minimalistic look to it, when the flame picture is turned on, there is a choice of 7 fuel bed colours and a very realistic flicker flame with 3 brightness settings. Supplied with Premium Real Logs or Hand Decorated Ceramic Logs, this fire gives a visually stunning look to any room.

All fires are fitted with long life LED's which give greater reliability and energy efficiency properties.

Bassington

Bassington & Blackthorn **e**tronic Electric Stoves

The Blackthorn and Bassington electric stoves - a modern take on the traditional log burner that brings a cosy and warm atmosphere to your living space. These stoves are designed with exquisite flame patterns and premium real log or hand decorated ceramic log fuel beds, making them a perfect addition to any home. With a heat output ranging from 1kW to 2kW, the Bassington and Blackthorn electric stoves provide a generous burst of warmth to the room. Even on mild summer evenings when additional heat is unnecessary, you can still enjoy the captivating ambience of these stoves by using the flame-only setting.

With 4 brightness settings and 16 flame effect colours, you have ample choices to create the desired mood, all conveniently controlled via remote from the comfort of your sofa. These versatile stoves can be placed almost anywhere in your home, without the need for a chimney or flue. To enhance the realism, the stoves come with a decorative flue spigot, allowing you to add a flue pipe to match your aesthetic preferences.

SLE42s eTronic 3D Electric Stove

The SLE42s incorporates a stylish cylindrical body with a pedestal base to give additional height and presence in your chosen room. This clever design allows the heater grill to be hidden under the stove body so you can enjoy the look of a sleek, contemporary stove without the unsightly heater grill. The three glass panels give an unparalleled view of the realistic eTronic 3D flame effect which has been designed to create an incredibly realistic appearance of flickering flames, complete with a premium real log fuel bed.

The adjustable flame setting gives you the option to select low, medium and high. Alternatively, the smouldering embers setting imitates the appearance of a fading fire for added ambience and realism. Flame settings can be adjusted using the thermostatic control with the convenience of a seven-day timer.

Dimensions

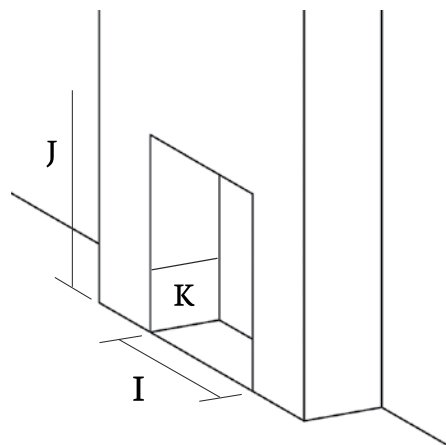

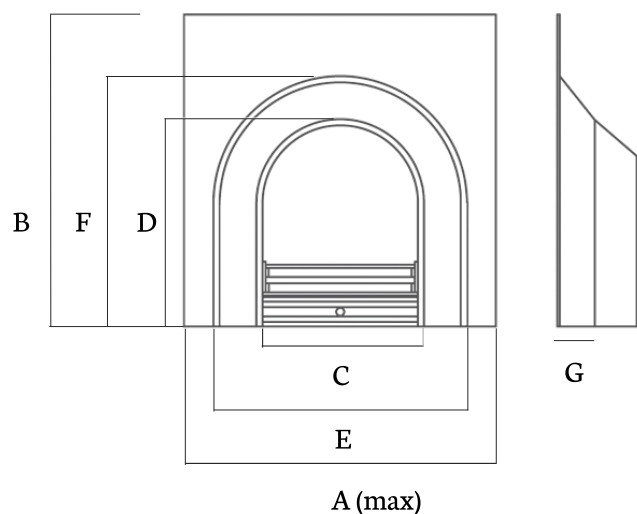

All products (except chrome finish) are suitable for burning solid fuel, however polished and highlighted products may tarnish. Only burn small fires to start with in order to temper the cast iron.

Before committing to a fireplace, please discuss your particular installation with your retailer who will provide expert advice and carry out a survey.

All dimensions are provided as a guide only and are subject to a tolerance of $\pm 12\text{mm}$.

It is normal for tiles to craze over time.

Most fires have a remote control option, please ask your retailer.

Supplied with deeper back as standard

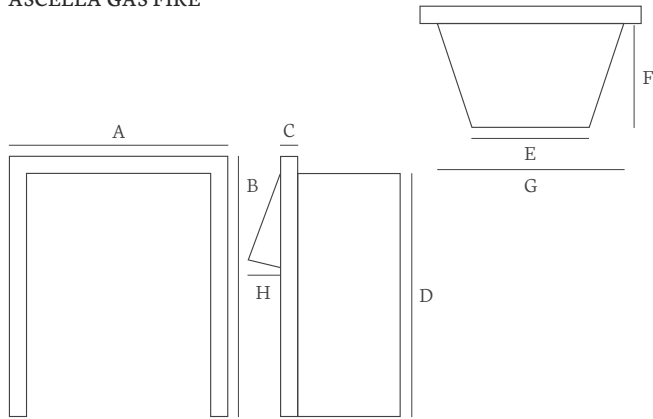

*Available with deeper back (as optional extra) for larger burning area

**415w x 560h opening (when fitted with a backplate)

Design a Fireplace

The Capital Fireplace Studio allows you to create your very own fireplace design using our online custom software.

Because there are so many different components involved in the making of a fireplace, it can be difficult to envisage it in its entirety. That's why we've introduced our online Fireplace Studio, giving you the tools to design and more importantly, visualise your fireplace before reaching a decision you're 100% happy with.

We'll continue to add new products to the studio, so be sure to keep an eye out, we also recommend you print a copy and take it to your nearest Capital retailer for them to price for you.

It's free and easy to use, so start creating your own fireplace today by visiting our website at www.capitalfireplaces.co.uk

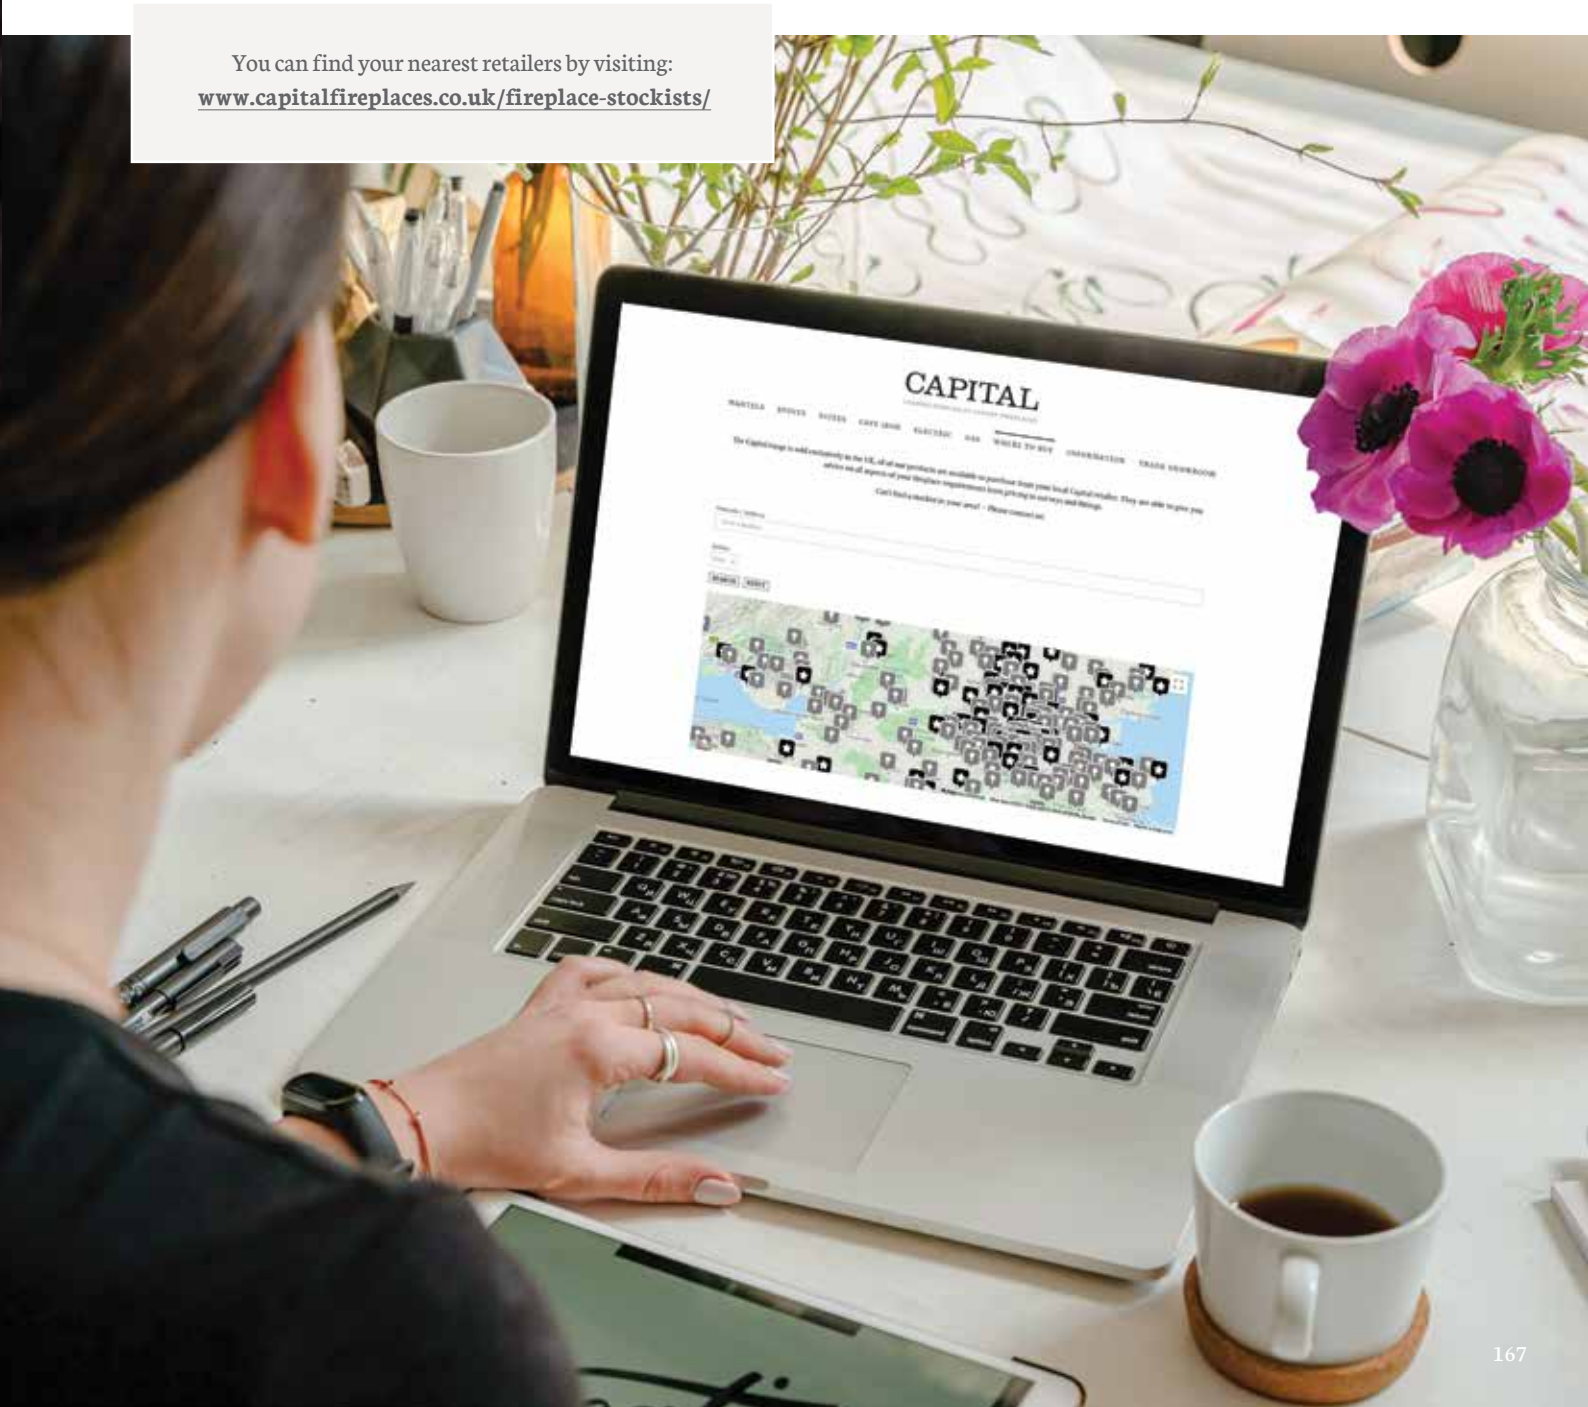

Find your Local Retailer

The Capital Collection is sold exclusively in the UK – with all of our products available to purchase from your local Capital retailer. They are able to give you advice on all aspects of your fireplace requirements from pricing to surveys and fittings.

All the products shown in this brochure are available to purchase from your local Capital retailer, they are able to provide you advice on all aspects of your fireplace requirements.

Capital Fireplaces was established over 30 years ago to supply high quality, elegant and affordable fireplaces crafted from natural materials. With the help of our retailers across the UK, we've grown to become one of the leading suppliers of a wide range of superior fireplace products.

You can find your nearest retailers by visiting:
